Dear Annette:

We would like to thank you and the staff of LanguageSpeak, Inc. for your support of the Clinton Bush Haiti Fund. Your help in translating our website has allowed its message to reach a much broader audience. As a result, we have been able to provide greater assistance to the Haitian people.

The road to recovery is long, and Haiti will still need our assistance after the immediate relief operations conclude. We hope you will stay engaged in this critical endeavor; your continued kindness will help Haiti lift itself out of this crisis and into a brighter future.

Sincerely,
